

# **Clumber Spaniel Eye Testing 2018**

## **Sunday 30<sup>th</sup> September from 10.00am**

### **at North Muskham Village Hall**

The Clumber Spaniel Club will be holding its annual Eye Testing clinic in conjunction with its Championship Show on Sunday 30<sup>th</sup> September. This clinic is open to all breeds but in the event of a high number of bookings, Clumber Spaniels will be given priority.

Testing will again be carried out by Nick Burden from the BVA Eye Panel. This year he is offering an optional gonioscopy test at an additional charge of £48 or £43 for a repeat test (with certificate). A full list of the fees is set out on the booking form. Please note there will be an additional 'not for competition' fee of £1.50 for dogs that are not entered in the show. We are only asking for the dog's 'pet name' this year as this should make it easier to call them (and their owner) for their appointment.

The Club will subsidise the cost for all Clumber Spaniels tested on the day whether or not they are owned by a Club member. By accepting this subsidy owners agree that the Club may publish the results on its website, and use those results to build evidence about eye health in the breed.

For those unable to attend this session the Clumber Spaniel Club will refund £10 for each dog tested and owned by an existing member and £5 for each dog tested and owned by a non-member. To claim this subsidy, owners must send a copy of the eye test certificate to the Breed Health Coordinator and must be willing for the Club to publish the results, and to use those results to build evidence about eye health in the breed.

The Club recommends that all Clumber Spaniels being bred from should hold a current eye certificate. It also recommends that all other dogs should be tested at regular intervals to monitor eye health; this is recommended to be at 2, 5 and 8 years of age.

**Please note: Dogs must be micro-chipped and owners must bring the dog's KC Registration Certificate to the test for the vet to stamp to confirm the test has been carried out.** Each dog will be allocated a specific time to arrive so that paperwork can be completed and drops can be administered approximately 20 minutes before the appointment for examination by the vet. The drops are designed to dilate the pupil to aid the examination of the back of the inner eye.

**DIRECTIONS: the address is** North Muskham Village Hall, Nelson Lane, North Muskham, NG23 6HL

The venue is situated 200 yards from the A1 on the B6325.

**From the North:** Leave the A1 onto B6325 (signposted Newark). At the roundabout take the 1<sup>st</sup> exit onto Nelson Lane. Destination will be on the left.

**From the South:** Leave the A1 onto B6325 (signposted Ollerton, Newark). At the roundabout take the 5<sup>th</sup> exit onto Nelson Lane. Destination will be on the left.

Further information about the arrangements for the test, and for details about payments by PayPal please contact Barbara Weston on 01530 456071 or email [barbaraweston57@gmail.com](mailto:barbaraweston57@gmail.com)

Completed booking forms should be sent to: Barbara Weston, 77 Station Road, Hugglescote, Coalville, Leicestershire LE67 2GB

**Bookings must be received by Saturday 15<sup>th</sup> September 2018**
